

National Health Mission J&K call young professionals for Internship programme in its offices at Jammu & Srinagar.

The programme shall enable students to gain practical experience and learn from specialized people regarding implementation of various **National Health Programmes**.

Interns will have an opportunity to attend stake holders meetings and field visits and performance reviews to gain deeper insight into Health System challenges.

A certificate will be issued to all the candidates on successful completion of internship period.

Eligibility: Students pursuing Masters in Public Health/ MBA in Health Management/ Post Graduate Diploma in Health Management and equivalent

INTERNSHIP POLICY

- The period of internship shall be for **8 to 12** weeks.
- An Intern shall not be paid any remuneration/stipend.
- Intern will have to make their own arrangements for stay / accommodation at their own expenses and no **HRA** shall be permissible.
- Intern shall be provided with necessary office logistics support i.e. work space, stationery and facility for photocopying. They will need to have their own laptop.
- The Candidates will be chosen for internship based on their cumulative percentage of marks obtained in their last semesters of course. However, the maximum seats will be limited to eight in a financial year.
