<u>Guidelines for scheme for promotion of PPIUCD through performance</u> linked payment plan to service providers and ASHAs

Date of Notification:

01.01.2014

Financial Package:

- c) Rs. 150 may be paid to the service provider per insertion as compensation for the extra work done in addition to their normal work.
- d) Rs. 150 may be paid to the ASHAs for escorting the client to the health facility for facilitating the insertion.

Note:

- Although the scheme has been designed for rural areas, this would also be applicable in urban areas if similar community workers (such as link worker) are designated and are in place.
- In the states, where ASHAs are not in place, services of AWWs may be utilized.

Coverage of the Scheme:

The scheme is applicable all across the country and will cover the service providers (including MOs and nurses) and the ASHAs.

It is effective from the date of notification of the scheme.

Fund Flow:

Fund for the scheme would be sourced from NHM Flexi-pool and routed through state PIPs and thereafter as per state system of disbursing funds to district and block levels. Approval for fund would be provided in the state PIP. Following points to be considered:

- Payment will be linked to confirmation of PPIUCD insertion by the Labour room Incharge in Medical College/ district hospital and the Incharges of the health facilities or the CHC/BPHCs/PHCs/SCs depending on where the insertion was done.
- Incentives to ASHA would be paid at the PHC (or equivalent) level where she comes for monthly meeting or as per the existing system of state for payment to ASHA for various other incentives.
- Incentive to service provider/ ASHAs would be paid through cheques or direct transfer from bank to service providers'/ ASHAs' account (as per the existing system of the state). In any case, cash payment of incentives would not be allowed.
- Block level accountant/District level accountant would keep a record of the payments and the same to be reflected under appropriate budget head of FMR.

Roles and Responsibilities:

Role of States:

- The state would designate a nodal person to manage and monitor the scheme who could also be the nodal person for the FP programme as a whole.
- The state would orient the CMOs of the districts regarding the scheme.
- Collect report of physical and financial progress from districts on a monthly basis and send a compiled report to Gol as per prescribed format on quarterly basis.
- Monitoring of the scheme would be carried out on regular basis and 10% cases to be verified every year.
- State would translate the PPIUCD Communication material comprising of banners, posters and leaflets etc. in the local language and this must be displayed at all the facilities providing PPIUCD services.
- States would do gap analysis for the service provisioning of PPIUCD (this includes skill building of the service provider, infrastructural strengthening and availability of logistics and equipment)
- States would ensure provision of adequate funds in the state PIP, every year, for the scheme from 2014-15 onwards. However, for payment of incentives in 2013-14, state may utilise funds from RCH Flexi-pool.

Role of districts:

- The district would designate a nodal person to manage and monitor the scheme who could also be the nodal person for the FP programme as a whole.
- District would carry out orientation of MO I/Cs as well as BMOs regarding the scheme, who would further orient the other MOs, Nurses and ASHAs.
- Monitoring of the scheme would be carried out on regular basis and 10% cases to be verified every year.
- Collect report of physical and financial progress from block, District hospitals and medical colleges on a monthly basis and send compiled report to state level for onward transmission to GoI as per prescribed format. (Format A/B)
- District would do gap analysis for the service provisioning of PPIUCD (this includes skill building of the service provider, infrastructural strengthening and availability of logistics and equipment)
- Adequate funds to be provisioned in the district PIP, every year, for the scheme from 2014-15 onwards.

Role of Service Provider:

The Service provider would ensure proper promotion of the scheme.

- The Service provider must ensure proper counseling of the beneficiary and encourage follow up visit for the same.
- MO I/C PHC would carry out orientation of ANMs/LHVs and ASHA workers regarding the scheme. This may be carried out during the monthly meetings.

Role of ASHA:

- Prepare a line listing of all pregnant mothers in the community, with their expected date of delivery.
- Counsel the pregnant mother and her family for adoption of appropriate post-partum family planning methods.
- Counsel the couple on various benefits of spacing and limiting.
- Escort the beneficiary women to the health center for institutional delivery and subsequent adoption of family planning method and stay with her till the women is discharged.

Monitoring and Reporting Mechanism

PPIUCD Insertion at SC/PHC level:

- Report all the insertions carried out at SC/PHC as per the operational status of facility and availability of trained provider (Format A).
- The format with physical and financial progress will be sent to the block and district level for fund disbursement.

Format A (for Sub centers/PHC offering PPIUCD Services)

Name o	f Facility:						Block:
